## EXPERIENCE

### Software Engineer

Aug 2024 - Present

Sirajganj Dairy

Road - 12, Sector - 14, Uttara, Dhaka

- Developed a comprehensive business tracking software using **Next.js** and **Tailwind CSS**, ensuring a responsive and modern user interface
- Implemented dynamic page routing** and user role management, leveraging **Next.js middleware** to control access to specific paths based on user roles

### Software Engineer Intern

Aug 2023 - Nov 2023

W3 Engineers Ltd

Basundhara R/A, Dhaka

- Designed and developed dynamic and responsive websites using **HTML, CSS, JavaScript, and Golang**
- Worked with **REST APIs** to retrieve and display data from databases like **PostgreSQL**
- Built a back-end database service using **Beego Api** and implemented a front-end UI using **Beego framework** to support future changes.
- Did web scraping with **selenium**

## PROJECTS

### Sportify

A sport based EdTech platform for purchasing sport classes

[Demo](#) | [GitHub](#) > [Client](#) | [Server](#)

Sportify is an online sports platform with segmented access for students, instructors, and admins, facilitating secure class purchases and course management, overseen by admins for roles and approvals.

**Technologies:** React.js, React Router Dom, Firebase, Express.js, Node.js, JWT, Axios interceptor, Stripe, MongoDB, Git

- Engages users with banners, popular classes, events, and testimonials for enhanced interaction.
- Ability for admins to approve/deny classes added by instructors with feedback; instructors to add/update classes; students to select and make payment for their classes.
- Ensures secure access for students, admins, and instructors, protecting sensitive data.

### Gents Livery

An ecommerce website specializing in men's closet

[Demo](#) | [GitHub](#) > [Client](#) | [Server](#)

Gents Livery is an online platform specializing in men's fashion, offering curated products across categories with dedicated pages for flash sales and category browsing, complemented by engaging homepage sections.

**Technologies:** React.js, Next.js, Express.js, Node.js, MongoDB, Git

- Dedicated page highlighting time-sensitive discounts and promotions on selected products.
- Allows users to browse through all available products on a single page, facilitating easy navigation and selection.
- Curates top-selling categories for quick access, enhancing user experience by showcasing popular product types directly on the homepage.

## EDUCATION

### Ahsanullah University of Science and Technology

Bachelor of Science in Computer Science and Engineering

Dhaka, Bangladesh

Apr 2018 – Jan 2023
